

Hot Air

Message from the President

August, 2012

I hope everyone had a safe July 4th. Since the holiday fell on the first Wednesday last month, we chose not to have a club meeting. We will be having a meeting this month, on **August 1st**. I hope to see you there!

Over the years, a number of our members have brought modeling projects that are not aircraft-related to the meetings for show and tell. Even some of the aircraft that have been brought to the meetings are not flyable. I remember one member brought an all machined metal P-47 that was exact scale. The machine work was unbelievable. Every rib, stringer, longeron, bulkhead, skin section, etc. was an exact reproduction of the full scale aircraft!

Members have brought in scale static wooden ship models, homemade steam engines, RC cars and boats, etc, etc. All are fascinating to see and have aspects to them that are of interest to the members and may help in figuring out how to do some task on a project that is in work. The point being, if you are working on a modeling project that is outside the flyable aircraft definition, please bring it in to a meeting and share your experience with our members. It would be great to see what others are up to and learn about your efforts. And, of course, bring in your latest RC aircraft project as well.

With August, we are rapidly approaching the end of the scheduled summer baseball activities at Entradero. Sundays have become more available and a group of the guys have been getting in some morning flying. The summer baseball camp

will be over the second week of August and weekend mornings will be available to all of our members who are lucky enough to have them free.

There will be weekend baseball leagues this fall. I will work to get the schedules, but historically they have not been readily available. The Del Cerro Fun-Fly will be **Saturday, August 3rd**. Flying usually starts around noon. Continuing with the Friday Fun-Fly at Entradero, at least until the fall, we will shoot for **August 17th**. Flying at the park is available after 8:00am.

Hope to see you at this month's meeting or the Fun-Fly's. And remember to bring your latest cool project to the meeting.

-Jeff

Next Meeting

**Wednesday,
August 1st
7:30 pm**

**La Romeria Park
19501 Inglewood Ave**

Upcoming Fun-Flys

**Del Cerro August 3rd
Entradero August 17th**

Notes from the Vice President

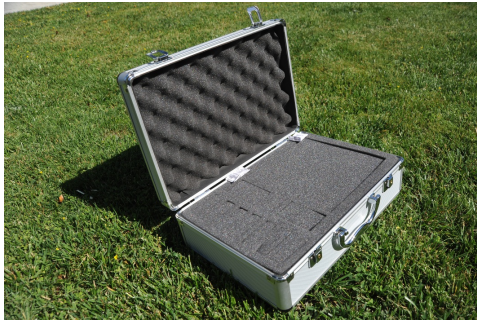

Here are a few pictures from a Scale Masters event held at Chino in June...

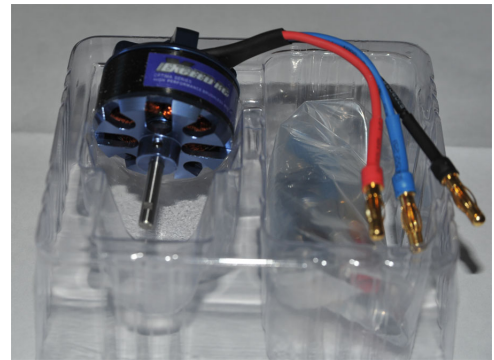

August Raffle

Next month, we will likely have another great raffle, if enough members show up.

Come on out for the fun!
