## Message from the President

December 2016

The wait continues with the City to establish coordination meetings with the new baseball leaseholder. Several communications have taken place between City representatives and PSF. The latest involved documentation and historical information regarding the California Edison electrical feed to the field and PSF's involvement in paying the monthly bill.

For those of you who have not been down to the field since we were asked not to fly from it, hydro-seeding has taken place. The field is greening up nicely. It looks like it will be a great flying surface once we get access to it. However, I cannot predict when that will be. I will continue to keep all of you updated as we progress.

While there will not be a Fun-Fly at Entradero Park in the month of December, this month's Del Cerro Fun Fly will be held Saturday December 10th. Guys usually start arriving between 12:00 and 1:00. Keep an eye on the weather. The current weather predictions look like it should be sunny with northwest winds. That wind direction will make Del Cerro un-flyable. This is California so I would expect the wind direction to vary as we get near next weekend.

Here are my thoughts on how we should proceed going into 2017: I recommend that we forgo

elections at this time. With Entradero Park access being restricted, let's hold off on elections until this is resolved. Once access is re-established, members who use the park regularly might be more inclined to step up and take a club office. Similarly, I recommend rejoining the club and paying the del Cerro Park fee if you fly there. I would hold off on paying the Entradero fee until the agreement with the City and the baseball lease holder is finalized. Let's discuss all of this at the meeting on the 7th and decide how to go forward.

The annual AMA Expo in Ontario is coming up the weekend of January 6, 7 and 8. It is always interesting to see which direction the industry is headed and look at all the cool technology. Check out the details at the [official website](#).

We will be having our annual **Holiday Raffle** at the December meeting on Wednesday the 7th. I look forward to seeing all of you there.

I hope everyone has a safe and happy holiday season.

All the best,

Jeff

### Next Meeting

**December 7th  
La Romeria Park  
7:30 pm**

### Upcoming Fun-Flys

**Del Cerro      December 10th  
Entradero      Suspended**
