

Hot Air

Message from the President

July 2016

Please get the word out to other members that the July meeting is cancelled, due to unavailability of the meeting room at La Romeria Park. The City did not provide an explanation, but we have been asked to not use the facility on Wednesday July, 6th.

If you have been by Entradero Park, you will have noticed that the infield weeds have been mowed, the piles of cut grass are mostly cleaned up and that we now have moguls along the outfield fence. The dirt was brought in to raise and level the outfield. No schedule has been provided for the completion of this work. Indeed, the City has not provided details for the establishment of a new lease for the baseball group that will be taking over. I believe they are still finalizing the agreement and are not ready to include us yet. I will keep you updated as I hear more. I have a feeling that this is going to be a long, slow process.

There have been a lot of updates in ROV policy from the FAA. While a lot of the legislation will

impact commercial ROV operation, I haven't seen an impact to our activities in any legislation that has been implemented. There are, however, policies that are currently being discussed that could greatly affect our flying. Keep an eye on the AMA releases for status.

The Del Cerro Fun-Fly will be this Saturday, July 9th. Flyers usually start arriving around Noon. The long range forecast is showing a flyable day with South-South West winds at about 10 mph. Keep an eye on the forecast. The date for the Entradero Fun-Fly will be Friday, July 22nd. Flying will start at 8:00 AM. Please note the day is Friday.

Once again, please let everyone know that the July meeting is cancelled. I hope everyone has a safe and happy Fourth of July. See you at the fields or the August meeting.

All the best,
- Jeff

Next Meeting

*July meeting is
cancelled!*

Upcoming Fun-Flys

Del Cerro	July 9th
Entradero	July 22nd
