## Message from the President

June 2016

May has been a lost month for me. I had to have some repair work done which has kept me grounded in more ways than one. Therefore, I have not been able to get to the fields or toss a plane off the cliffs. I also missed the May meeting. I expect to get the OK to get back to normal this week.

Our field at Entradero Park is kind of in limbo right now. Although a group of baseball guys have talked to some of our PSF members and shared their plans for the field, the City Council has not approved this group, yet. According to our City contact, the baseball guys are only supposed to be at the field if a City representative is with them. The baseball guys are planning to raise and level the outfield. Perimeter fence heights are planned to be increased significantly. The impact to our flying will be noticeable but not catastrophic if these "improvements" are implemented. PSF members have been asked to not do any work to improve the Entradero field. This is unfortunate because the weeds are choking the clay infield that we use for takeoff and landings. I would really like to weed and drag the clay to smooth it out. This will have to wait.

The West Torrance Little League schedule shows Closing Day to be June 4th. This does not mean that baseball activities end at the park. All-Star and club teams will continue to practice and scrimmage at the park. Please remember to cease flying if there is an organized practice or game taking place on any of the fields at the park.

The Del Cerro Fun-Fly will be this Saturday, June 4th. Flyers usually start arriving around Noon. The long range forecast is showing a flyable day with West-South West winds. Keep an eye on the forecast.

The date for the Entradero Fun-Fly will be Friday, June 17th. Flying will start at 8:00 AM. Please note the day is Friday. As always, bring your latest project to the meeting on Wednesday, June 1st at La Romeria Park for Show-and-Tell. The meeting starts at 7:30 PM.

It is hard to believe we have reached the summer months already. I look forward to seeing you at one of the fields.

All the best,  
Jeff
