Message from the President

June 2019

We will not be having a PSF meeting at La Romeria Park this month. Personal commitments have gotten in the way. We will plan on getting together in July.

Some folks have still not renewed their membership for 2019. It isn't too late! The forms can be found at our [website](#) and should be submitted to Don.

I continue to receive inquiries regarding flying multi-rotors at our flying sites and in the local cities. Our PSF approach to this has been to allow multi-rotors at Entradero, as long as our club guidelines for the park are followed. We have always considered Del Cerro a glider site and have requested that quads, etc. not be flown.

One misconception that non-members ask about is their belief that having a Del Cerro or Entradero badge is authorization to fly anywhere in Rancho Palos Verdes or Torrance. This is not the case and PSF can only authorize the flying of RC aircraft at our designated flying sites. If non-club members ask you about flying multi-rotors, please let them know our club policies.

As of June 1st, West Torrance Little League has concluded its spring season. There is still some ongoing all-star and club activity, but evening and weekend activity is greatly reduced. It may be possible to get on the field some weekend mornings. Sundays may be the better days.

As I mentioned last month, Don has created new badges for everyone flying at Entradero Park. A current list of PSF members who have signed up to fly has been provided to the baseball organization. They will be checking badges.

Guests are not allowed to fly at Entradero unless coordinated with a club officer and they must have proof of AMA membership.

Please note that the field gate combination changed a couple of months ago. Contact one of the club officers for the new combo, if you don't have it.

Please remember to keep the gates secured and protect the combinations and please contact a club officer if there are any issues with gate or field access. Remember that only club officers can distribute the combinations.

Also remember that it is up to every member to ensure our field rules are followed. This goes a long way towards protecting continued use of the facility by club members.

There will not be a Fun-Fly at Entradero Park in the month of June. However, this month's Del Cerro Fun Fly will be held Saturday, June 8th. Guys usually start arriving between 12:00 and 1:00. The long range forecast is for southwest winds averaging 13 mph with mostly sunny skies. The weather pattern for the next week or so is for very flyable conditions. It's time to take advantage and get up to the hill!

If you have not received your Del Cerro RPV badge from John, let us know so we can get it to you.

All the best,
Jeff

Next Meeting

No meeting in June!

Upcoming Fun-Flys

Del Cerro	June 8th
Entradero	None
