Message from the President

June 2020

Just when you think 2020 can't get worse, it has. Add protests, looting, curfews and the National Guard to social distancing, face coverings, stay at home orders and a really dangerous virus together and you have one heck of a "can-you-top-this" contest going on. I only hope that everyone is safe and things start settling down soon.

The City of Torrance has extended the closure of their community rooms and has directed that no meetings be held. To that end, we will not be holding a June meeting at La Romeria Park this Wednesday evening. There is no indication from the City as to when the facility will be open again.

The AMA has requested that all AMA-scheduled events be cancelled at this time. Once again, I have no details regarding when California AMA-sanctioned events will resume.

However, both of our flying sites are available for flying! At Entradero Park, West Torrance Little League continues to discuss holding practices and games this summer. If they do schedule activities at some point, they will need City of Torrance approval. My impression now is that little (if any) activity will be held. I will let everyone know when I hear more.

Due to the gates being left open recently at the park, the Little League has not given us the Hallison Street entrance gate combination. Therefore, access to the park is from Towers Street, only. The gate combinations changed a couple of months ago. Contact a club officer if you need them.

Face coverings and social distancing are required at the field. The City emphasized that we need to

respect this requirement if we want to use the facility.

Please contact a club officer if there are any issues with gate or field access. Remember that only club officers can distribute the combinations to club members. Please also remember that it is up to every member to ensure our field rules are followed. This will protect our ability to continue using the facility.

Up on the hill, Del Cerro Park is once again open! John Spielman has mailed out Del Cerro badges to those members who have registered for access there. PSF members need to have their club badges displayed while flying at the park. John stated that the park is open for normal operation, including PSF members flying planes. Standard COVID-19 protections need to be observed. Face coverings and social distancing are the order of the day.

It is time to get out and get some fresh air and bend the sticks at either of our flying sites. Please observe the face mask and social distancing requirements when flying at. Our ability to use the sites in the future weeks and months is dependent on not being identified as violating these rules.

And finally, if you haven't renewed your membership for the current year, please do so. The membership package can be found on our [website](#).

I hope everyone is safe and healthy. I look forward to seeing you at one of our fields.

All the best,
Jeff
