

Hot Air

Message from the President

May 2022

I hope all is well with everyone.

We will be holding a meeting this month at the La Romeria Park Community Room, Wednesday May 4th at 7:30 PM. Don will be present if you want to turn in your club renewal. If you attend, please bring in your latest project to show off.

Several new members have voiced an interest in RC sailing. The King Harbor Yacht Club continues to have a very active RC sailing fleet. You do not need to join the Yacht Club to participate with the RC fleet. However, there is a 20-dollar annual fee to join. Your fee allows you access to the club when there are scheduled fleet activities.

The RC Sailing Fleet races Dragonflight 95 one-design boats. But many of the fleet members have other boats, as well. Sailing is done from the club docks which provide a fun and easy venue to sail from. I've included a few pictures of previous events and of my DF-95.

I have also included a picture of my latest project. The motor-glider is about 90-percent finished. I'm hoping to have it completed in the next week or two. Wingspan is 60 inches. Controls will be flaperon and v-tail. It should be a good Del Cerro platform.

May 12th thru the 15th, the Arizona Commemorative Air Force group will be flying their B-17 and B-25 bombers at Chino. Rides in both planes are available. Information can be found at the Planes Of Fame [website](#).

There are several glider events in the A.M.A. calendar for the month of May in California. I'm

thinking of heading up to Visalia later this month for the aero-tow fly-in. If I do make the drive, I'll include pictures in the next newsletter. Consider doing the same if you attend one of the events. Check out the [event schedule](#).

Next Meeting

**Wednesday, May 4th
La Romeria Park
7:30pm**

There is currently no change to the Entradero Park access. Baseball is in full swing. Weekday mornings are available for flying. Afternoons following school and weekends are busy with baseball activities. Please don't fly if there are organized practices or games on any of the fields at the park. Contact a Club Officer for the new gate combos. Please let me know if you have any issues with field access.

There have been no changes that I am aware of regarding parking at Del Cerro. You either have to reserve a paid parking spot on-line or walk with your gear from the Crenshaw Blvd / Crest Road area. I choose the latter. This weekend, Saturday May 7th, the long range forecast is predicting 15 mph winds out of the south-west and partly cloudy skies, temps in the low 70's. Should be great flying if the forecast holds. Guys usually show up around noon for the Fun-Fly.

Upcoming Fun-Flys

**Del Cerro May 7th
Entradero None**

Once again, please get your PSF renewal completed and mail it to Don. Don will also be at our Wednesday meeting this week if you want to turn in your package. As always, you can find the membership package on our [website](#).

I hope to see you at the meeting this month or one of the fields.

All the best,
Jeff

RC Sailing Fleet at King Harbor Yacht Club & Jeff's Latest Project

*Still need to renew?
Please send Don your package, or
bring it to this month's meeting.*
