

# Hot Air

## Message from the President

November 2017

I would like to start off this month by thanking Daniel and Jon Fillion for donating two foamy warbirds to the club. The proceeds of selling the planes will go into the club kitty. Both the Spitfire and Zero are immaculate. This is a testament to the building and flying of the planes. Just add a battery, and they are ready to fly. Daniel stated that they are clearing out the hangar and some additional planes may make it to this month's meeting. Photos of the planes are in this newsletter. If you are interested, give me a call.

Please make an effort to attend this month's meeting. We need to discuss a number of year-end issues. These topics will include club officers, the path forward at Entradero, the end of year raffle, membership, etc. It is very important for your ideas and opinions to be heard as we move into next year.

The heat last month was brutal. Flying at Del Cerro was limited. I managed to fly once early in the month. I didn't even try during the high heat. I can't imagine trying to recover a plane off the slope in the heat of the day. Entradero was better, assuming you went early in the day. Electrons saved the flying this month.

Weekends are still unpredictable at Entradero. There were a couple of open weekends this past month. However, they were not known to be free ahead of time. I believe these were dates that were intended to have baseball activities, but they were cancelled. As mentioned before, if you head down on a weekend, be flexible. If baseball activities are ongoing, or starting, change your plans and fly another day.

Please contact a club officer if there are any issues with gate or field access. Remember that only club officers can distribute the combinations to club members.

There will not be a Fun-Fly at Entradero Park in the month of November. However, this month's Del Cerro Fun Fly will be held Saturday, November 4th. Guys usually start arriving between 12:00 and 1:00. The long range forecast is for winds out of the west-southwest in the 10 mph range. Overcast conditions are also forecast with a chance of rain Sunday. Keep an eye on the weather, as it may change by the weekend.

All the best,  
Jeff

### Next Meeting

**November 1st  
La Romeria Park  
7:30pm**

### Upcoming Fun-Flys

<b>Del Cerro</b>	<b>November 4th</b>
<b>Entradero</b>	<b>None</b>

Aircraft Donated to the Club

*Thank you,  
Daniel & Jon Filion!*
