

Hot Air

Message from the President

April 2025

Once again, I would like to thank Don Rohweller, our PSF Club Secretary, for submitting our 2025 AMA Charter paperwork. Additionally, I would like to thank everyone that helped the process by getting your PSF paperwork and fees submitted to Don before the AMA package was completed. If you have not renewed [your membership](#), please do so. If you have any questions don't hesitate to contact Don our one of the club officers.

We will be holding our monthly meeting at La Romeria Park this Wednesday evening, April 2nd, at 7:30pm. You can submit your club paperwork and fees at the meeting if you haven't yet done so. Consider bringing your latest project to the meeting to share with the group. It's always fun to see what members are up to and discuss building techniques, radio installation and set-up.

Speaking of member projects, Bob Okita has been keeping us apprised of his Super Sinbad build. In last month's newsletter, Bob had the construction finished and was about to start the covering process. Well, the plane is now covered and is ready for its first flight.

The [RC Super Show](#) will be held April 12th and 13th at the Fairplex in Pomona. The event is co-sponsored with the Academy of Model Aeronautics. It appears that the number of RC aircraft vendors has increased this year. Following the COVID outbreak, the number of aircraft vendors had fallen off and the show was dominated by RC cars. It will be interesting to see the participation level this year.

If you are interested in seeing real WW II warbirds fly, there are two events coming up at the Planes of Fame Museum in Chino, California. This coming

Saturday, April 5th, the museum's [P-51A](#) will take to the air.

May 3rd and 4th the museum will hold their annual WW II festival - "[Wings, Tracks and Wheels](#)". A lot of planes will be flying, local clubs will be displaying their restored military vehicles and military re-enactors will be encamped. The planes being flown will include trainers, Navy and Army Air Corps fighters and bombers.

West Torrance Little League is in full swing. We can expect games and practices on all Entradero Park fields weekday evenings and all day Saturday and Sunday. Please don't fly when there are organized games or practices on any of the fields. If you have any issues gaining access to the field, please let one of the club officers know.

Saturday, April 5th is shaping up to be a very nice day for flying at Del Cerro. Skies are predicted to be sunny, winds out of the south-southwest at 12 mph and temps in the high 60's. Hopefully, the weather holds and we have a nice day of flying on the hill.

There are a ton of events listed on the [A.M.A. calendar](#) in California for the month of April. If you attend any of the listed events, please consider taking a few photographs and write up your thoughts for inclusion in the newsletter.

I hope to see you at one of our fields or at the upcoming meeting.

All the best,
Jeff

Next Meeting
